*all minority e hnic/religious groups, obviously not whites, they lack the collective wisdom to do that

CCP right now is calling a white American a racist xenophobe for pointing out hat the Chinese gov covered up a deadly disease. Asian-Americans (and many whites) nod along

Murray Cohen @themindofmurray · Mar 18

Replying to @PureDureSure @arnelsmom

Just about all ethnic/religious groups in the United States (including, often, the foreign governments that govern the areas they come from) stand up for their own interests and ridicule whites.

Go back to the vdare link I posted. Mexicans are great at it.

1

Murray Cohen @themindofmurray · Mar 18

Replying to @PureDureSure @arnelsmom

You're repeating yourself.

Jews don't pretend to be white (inb4 "hey fellow whites, stop being racist" - t. Shlomo pics dump) in any meaningful way.

Most white people know when a Jew is a Jew.

They just don't care.

They don't even care if someone is Chinese or Black!

Moist breather @originalbrandt · Mar 18

The rounding up of the jewish population started in 1939.

1

No, you were right earlier when you said another or multiple other group(s) would accomplish the same thing. I concede the process might be somewhat slower, perhaps significantly.

Jews are just the best at subversion.

1

Murray Cohen @themindofmurray · Mar 17

You're not doing anything though, you're having a back in forth with someone that agrees 90+% wi h you (I assume) and aren't changing any minds.

Plus, you're just one guy.

Meanwhile, thousands of whites today voted for Biden or Sanders.

Murray Cohen @themindofmurray · Mar 17

Replying to @PureDureSure @arnelsmom

Of course they're more to blame and deserve greater derision! It's a white country. Whites that willingly lap of and benefit from Jewish subversion are working against the interests of their people in an obvious way.

Jews are not doing this.

2

Pure Dure Sûre @PureDureSure · Mar 17

Replying to @PureDureSure @themindofmurray @arnelsmom

You've all but fallen into the nirvana fallacy.

You've agreed throughout that Jews do exactly what I've said they do.

Your sole rejoinder is that Whites "let" them do it, and are thus somehow MORE to blame - that some race, if not Jews, INEVITABLY would have done this to Whites

1

Murray Cohen @themindofmurray · Mar 17

Replying to @themindofmurray @PureDureSure @arnelsmom

And yes, that's mainly the result of Jewish influence...but again, what else did you expect the Jews to do, and why didn't whites more strongly resist?

1

Murray Cohen @themindofmurray · Mar 17

Replying to @PureDureSure @arnelsmom

Yes, Jews frequently change their surnames. Yes, Jews frequently change their physical appearances to appear more white.

And Jews also rarely stop acknowledging hey are Jews.

It's not that Jews pretend to be white, its that most whites don't see a difference/don't care.

1

Murray Cohen @themindofmurray · Mar 17

Replying to @PureDureSure @arnelsmom

No, the difference is that you see whites as the naive victims of fraud whereas I see them as powerful and intelligent enough to choose correctly, although hey often fail.

You don't see Romney/Koch types as misled victims do you?

Murray Cohen @themindofmurray · Mar 17

Replying to @PureDureSure @arnelsmom

Who consumed and paid for the media? Who never strongly questioned it?

And yet those whites that have been spared the horrors of diversity still frequently vote for Democrat, or at least open borders/pro-amnesty, politicians. Often frequently enough to sway elections against us

Perception is reality. Most Americans don't think they're ruled by Jews. Not more visible than whites.

Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse.

> expounded and debated the Torah (the written Torah expressed in the Hebrew Bible) and discussed the Tanakh without the benefit of written works (other than the Biblical books themselves), though some may have made private notes (*megillot setarim*), for example, of court decisions. This situation changed drastically, mainly as the result of the destruction of the Jewish commonwealth and the Second Temple in the year 70 and the consequent upheaval of Jewish social and legal norms. As the rabbis were required to face a new reality—mainly Judaism without a Temple (to serve as the center of teaching and study) and Judea, the Roman province, without at least partial autonomy—there was a flurry of legal discourse and the old system of oral scholarship could not be maintained.

So far I've found some data on the age ranges of people who died that supposedly came from Chinese medical data, it's overwhelmingly old people.

COVID-19 Fatality Rate by AGE:

*Death Rate = (number of deaths / number of cases) = **probability of dying if infected by the virus** (%). This probability differs depending on the age group. The percentage shown below does **NOT represent in any way the share of deaths by age group**. Rather, it represents, for a person in a given age group, the **risk of dying** if infected with COVID-19.

AGE	DEATH RATE*
80+ years old	14.8%
70-79 years old	8.0%
60-69 years old	3.6%
50-59 years old	1.3%
40-49 years old	0.4%
30-39 years old	0.2%
20-29 years old	0.2%
10-19 years old	0.2%
0-9 years old	no fatalities

Then you have to realize that there was virtually no disagreement at the time in defining "nation" or "country", and thus conclude that the differences between the political philosophies of Stalin and Hitler should be attributed to radically different definitions of "socialism".

Pure Dure Sûre @PureDureSure · Feb 10

Stalin abandoned the internationalist focus of Marxism-Leninism and instituted a policy of "socialism in one country", which sounds like nothing more than an awkward way of saying "National Socialism" - until you note how radically

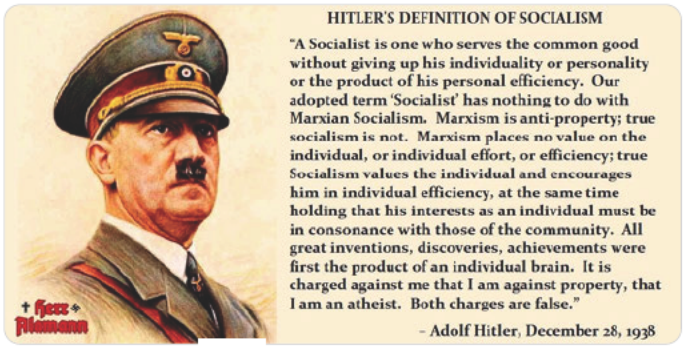
TL;DR

1) The NSDAP became one of the "biggest tents" in modern politics, with all the heterogeneity that entails.

2) Hitler is the last word on all Party philosophical matters.

3)
Marxism = class conflict
National Socialism = class cooperation.



HITLER'S DEFINITION OF SOCIALISM
"A Socialist is one who serves the common good without giving up his individuality or personality or the product of his personal efficiency. Our adopted term 'Socialist' has nothing to do with Marxian Socialism. Marxism is anti-property; true socialism is not. Marxism places no value on the individual, or individual effort, or efficiency; true Socialism values the individual and encourages him in individual efficiency, at the same time holding that his interests as an individual must be in consonance with those of the community. All great inventions, discoveries, achievements were first the product of an individual brain. It is charged against me that I am against property, that I am an atheist. Both charges are false."
